

Multiplant and its controlled entities (Multiplant, KMJV and PSI) commitment to waste management is to undertake, where practicable, activities in a best practice sustainable manner. Multiplant is committed to:

- ❖ Avoiding & reducing waste
- ❖ Reusing & recycling waste
- ❖ Waste management practices that protect the environment and community
- ❖ Incorporating risk management and workplace health and safety best practice in waste management
- ❖ Fostering an organisational culture that promotes waste management and resource recovery best practice
- ❖ Engaging stakeholders and encouraging waste management behaviour
- ❖ Developing and maintaining environmental frameworks and reporting that promotes data integrity, enables transparent communication & continuous improvement.

Multiplant demonstrates its commitment to its waste management by ensuring that it:

- ❖ Provides site specific waste management plan
- ❖ Promotes adoption of best practice waste management plan for all projects
- ❖ Develops best practice waste reporting per asset
- ❖ Properly identify, monitor and manage risks
- ❖ By ensuring that it develops procurement practices that comply with Multiplant's sustainability objectives
- ❖ Provides targeted training and education to staff and stakeholders
- ❖ Engages with stakeholders to encourage best practice waste management behaviour
- ❖ Monitors and reviews performance to ensure continual improvement.
